To whom it may concern.

Turnkey Air Conditioning Ltd have been working as a sub-contractor for Bridgford Interiors for a number of years, their involvement spans a wide and varied range of retail and commercial projects.

They have undertaken individual fast track projects as well as being involved with projects as part of our many framework agreements, all with equal professionalism. Whether the project has been planned and organized with many months lead in or needs a quick turn round, TKAC have responded appropriately, often covering large numbers of projects on site at any one time.

Our teams have generated relationships at various levels throughout the respective businesses from site level to the board room and the delivery of any project is always foremost in our minds – providing a valued level of customer service in return for high levels of repeat business.

We would have no hesitation in recommending Turn Key Air Conditioning Ltd to any prospective client as they have always offered our company an excellent service and produced exceptional results.

Regards  
Alan
